

Productsheet Additive

Sugar-Magnet

Additive for a better result of your pesticides / insecticide.

Sugar-Magnet is allowed in **MPS & GLOBALG.A.P** and is a completely MRL free product. The Maximum Residue Limit is the legal maximum residue limit (residue) of a substance in or on foods.

Sugar-Magnet contains a solution of several sugars: *Maltose (dextrin)+fructose, glucose and saccharose.*

The product lures insects - particularly trips - from their sheltered places in the crop. Adding to pesticides, insects will be more exposed to the chemical spray, resulting in significantly better control.

An effective product, with a low cost!
