

Multi-CLEAR

strengthens the plants own defence system

NANOTECHNOLOGY

PRODUCT SPECIFICATIONS

Multi-CLEAR is composed of powerful elements that are used for many years in nature. The product is based on nano fertilizer for a foliar application. Natural resources are often powerful and have no resistance. Multi-CLEAR shows you the power of nature. It can reduce your hazardous chemicals use. Multi-CLEAR will make your plant less attractive to pests. The components in Multi-CLEAR can strengthen your biology and crop. The saponified oils with specific C-chains ensure proper spreading and protection at nano level. We make use of specific C-chains which are also used in cosmetics.

For specific questions and advice, please contact us.

HIGHLIGHTS

- No MRL's
- Certified CUC
- Eco-friendly
- Natural resources
- No waiting period

Multi-CLEAR
stronger plants attract
LESS HARMFUL INSECTS

Repeat every 5-10 days.

APPLICATION
FOLIAR

DOSAGE
200 - 300 ML
100 LTR

REMARK
WATER USE
2000-3000 LTR
PER HECTARE
